# Website visits grocery of old

If you're old enough to remember bottle deposits and green stamps, check out [www.groceteria.net](http://www.groceteria.net). This nostalgic website, hosted by a guy who wishes grocery stores had stopped evolving in 1968, offers a grocery timeline, vintage photos and an in-depth message board for fellow groceterians. Thanks to Todd Frederick of Wheat Ridge for sending us down memory aisle.
